National Professional Teachers' Organisation of South Africa

21 April 2022

Dr Tholsia Naidoo - iWhiz

NAPTOSA Endorsement of the iWhiz Product

NAPTOSA supports and endorses the iWhiz Application.

The iWhiz App has proven to be a beneficial tool and support feature to learners who want to master their subjects or receive additional information on content matter.

An application such as iWhiz is also extremely beneficial to schools and educators who can use the App as a means of supplementary tuition by providing quality resources at their fingertips.

By providing free access alongside its premium features, iWhiz has become accessible to learners from different walks of life. Parents also benefit by being assured that all content on the app is age appropriate.

All contents are CAPS compliant. This will also benefit learners when there are interruptions to regular schooling programmes.

NAPTOSA encourages Schools to reap the benefits of the iWhiz App.

Yours faithfully

A handwritten signature in black ink, appearing to read 'Thirona Moodley', is written over a horizontal line.
